Foto del código a color

A screenshot of a code editor with a dark background. The code is written in PHP and uses color syntax highlighting: opening and closing tags are blue, variables are orange, numbers are green, and strings are green. The code is as follows:

```
<?php
$numero=3;
for ($i=$numero;$i<=($numero+100);++$i){
    if ($i%2==0){
        echo "El numero $i és parell";
    } else{
        echo "El numero $i no és parell";
    }
    echo "<br>";
}
```

Código:

```
<?php
$numero=3;
for ($i=$numero;$i<=($numero+100);++$i){
    if ($i%2==0){
        echo "El numero $i és parell";
    } else{
        echo "El numero $i no és parell";
    }
    echo "<br>";
}
```
